

Iron Vault Distillery, LLC  
“Old School Recipe Moonshine”  
Information Sheet

Iron Vault Distillery announced its “Old School Recipe Moonshine” in March, 2018. It won a Bronze Medal in the 2018 American Distilling Institutes Annual Tasting.

Our moonshine is manufactured in a 100 year old traditional way, utilizing grains, cane sugar and molasses. It is then distilled using separation to remove some of the normal harshness found in many lower quality moonshines. It is 95 proof and distilled in Galion, Ohio. It makes for a great moonshine margarita. It also tastes good mixed with Cranberry, Orange Juice and other sodas and fruit drinks. Or if you just like the taste of moonshine, its an excellent sipping shine.
